SAYS

The Brooklyn Went Seaward

Mile and a Half

And He Thought She Had Been Hurt.

Such is the Testimony of an Officer Before the Court Today.

However, it was Results That Uncle Sam Wanted and the Brooklyn Delivered the Goods on July Third.

Special by wire to Times-Democrat.

Washington, Oct. 9.—Admiral Schley retires today after 40 years service, 18 of which were spent at sea. He was distinguished for bravery during the civil war, but his most notable achievement was the rescue of the Greely Artic expedition.

THE INDIANA'S OFFICER

Says Brooklyn Dropped Mile and a Half to Seaward of Line of Battle.

Washington, Oct. 9.—In the Schley inquiry today, Rear Admiral Taylor, who commanded the Indiana at the Santiago fight, said his signal officer reported, "The Brooklyn must be injured, she is dropping out of action." Taylor said when he next looked, the Brooklyn was 1½ miles to seaward of the line of battle." Taylor said he observed no attempt on the part of any Spanish vessel to ram an American vessel.

SLOCKADE

Before Santiago was Not Effective Says Witnesses.

Washington, Oct. 9. — There were two new witnesses before the Schley court of inquiry. They were Commander Richard Wainwright, who commanded the Gloucester during the war with Spain, and Lieutenant M. L. Bristol, who, as ensign, was a watch and division officer on the battleship Texas during that period. Lieutenant Bristol did not see the loop made by the Brooklyn, the greater part of his testimony turning upon a chart he had made, showing largely, according to his memory, the positions of the various ships of the American fleet at different times during the engagement of July 3. There were several spirited controversies between counsel over questions asked the witness by Mr. Rayner concerning this chart.

Mr. Rayner questioned the witness as to the stay of the flying squadron at Cienfuegos. The latter said he had not considered that they maintained a blockade there. "We were merely lying off the port," he said, "and at night anything could have passed in so far as we were concerned without being seen." He admitted that the Dupont and the Castine had been kept inside the line at night, but that he had not been able to see them.

Counsel had a lively tilt when Mr. Rayner undertook to compare the estimate of the distances when Commodore Schley's fleet went to the east and west of Santiago harbor, with that of Captain Folger. Admiral Dewey, speaking for the court, then said that as there were no legal obstacles in the way of putting the question, it could be asked. Lieutenant Bristol said in response: "I do not agree with Captain Folger as regards the facts that the ships were nearer in at night than they were in the daytime, because it is my firm recollection now that they were farther out at night than they were in the daytime; also, I read from the log when I testified that the average revolutions of the Texas by the watch were a certain number. The revolutions, according to that, give the ship a certain speed which would be greater than the distance given by Captain Folger, because we also stated in that log we steamed for two hours and turned first to the east and then to the west."

Commander Wainwright's testimony dealt largely with chart-making. He was for a time senior member of the board of navigators which prepared the official chart showing the position of the American ships during the battle off Santiago, and he gave details of the method of its preperation. He said he did not consider the positions assigned in that drawing accurate, but that they were given as the result of a compromise of the views of the members of the board.

Captain W. M. Folger testified he went on board the flagship to suggest to the commodore that a circle of warships be formed in Santiago harbor, as under this plan witness thought it would be difficult for anything to come out. Schley preferred not to do so. Lieutenant Dyson said that on the morning of July 3, 1898, both forward engines of the Brooklyn were uncoupled; there were banked fires under three of the main boilers; the other boilers were "dead," no steam in them. Witness testified that when the Spanish fleet sailed out, 25 minutes were lost starting fires.

Dangerous Fire.

New York, Oct. 9.—The three-masted British bark Giffel was damaged by fire and sunk while lying at her dock in the East river. At the risk of their lives firemen and policemen went into the hold and removed 250 cases of gunpowder, which were part of the cargo. The cases were thrown overboard as fast as passed up. The cargo of the ship consisted of 30,000 cases of petroleum, which were stored in the lower hold, general merchandise in the middle hold and the gunpowder and 250 cases of loaded bird cartridges in the top hold. The city fire boats got alongside the Griffel, and after an hour's work so filled her with water that she sank. The loss is estimated at about $150,000.

Tom Jenkins Won.

Cleveland, Oct. 9.—Tom Jenkins of Cleveland again demonstrated his superiority over a worthy opponent in wrestling when he threw John J. Rooney, Chicago's champion, in two successive falls, at Central armory, before 4,000 spectators. The first fall was in 29 minutes, a half nelson and a catch hold; the second was given to Jenkins, who had a hammer lock on the Chicago man and who yielded the fall without further struggle after 29 minutes' wrestling. Jenkins weighed 196 pounds, Rooney's weight being something over 200 pounds. Matt Hinkle of Cleveland was referee.

Harvest in Roumania.

London, Oct. 9. — "The harvest in Roumania is not as good as was expected," says a dispatch from Galatz, "owing to the recent rainy weather, which has reduced the value of the crops about 30 per cent. Wheat, barley and oats, however, show about the average crop, although deficient in quality. Prices are still very low, mainly owing to the manipulation of the market by American speculators. A magnificent maize harvest is expected if the present fine weather continues."

TAYLOR

May Soon be Returned for Trial.

Tom Campbell Makes a Bold Declaration

That Within Six Months Gov. Durbin Will Recognize Gov. Beckham's Requisition for Surrender of the Fellow.

Special by wire to Times-Democrat.

Georgetown, Ky., Oct. 9.—In the Caleb Powers trial for alleged complicity in the Goebel murder this morning Arthur Goebel and attorney Tom Campbell this morning made the declaration that within six months Governor Durbin, of Indiana, will recognize the requisition of Governor Beckham, of Kentucky, and will return ex-Governor Taylor and Finley to this state for trial.

Deluge at Galveston.

Galveston, Oct. 9.—Galveston was visited by the heaviest rainfall in its history. For the 14 hours it rained 14.08 inches of water fell. The rain was accompanied by wind which blew 42 miles an hour from the east. The streets were inundated and streetcar traffic was stopped, all business being practically suspended. The damage can not be estimated at this time, but it is not believed to be heavy. Some of the buildings were partially flooded by water backing over the streets. The tide was only two feet above normal, and there was no salt water in the streets. The rain was local.

Republicans Didn't Vote.

Chattanooga, Oct. 9.—The municipal election here was unique, in that the Republicans did not participate, although the names of their candidates were on the ballot. A. W. Chambliss (Dem.) was elected mayor, and the entire Democratic councilmanic ticket was elected with one exception. Only about one-third of the normal vote was polled. The Republicans refused to vote because their claim that they should be allowed to name certain election officers was denied by the Democratic majority of the election commission.

Chinaman Murdered.

Cleveland, Oct. 9.—Sig Ki, a Chinese restaurant keeper on Erie street, was found dead in his room with his head almost severed from his body. The police claim that the affair is murder, but have not yet placed the responsibility for the crime. Show Ki, a brother of the murdered man, says his brother was a member of the highbinders' society. No arrests have yet been made.

Who Were Guests at the Wedding

In Giving Presents to the Wealthy Couple Who were Wedded.

Lavish Pomp and Ceremony Mark the Marriage of Miss Abbey Aldrich and John D. Rockefeller, Jr.

Special by wire to Times-Democrat.

Providence, R. I., Oct. 9.—The wedding of John D. Rockefeller Jr., and Miss Abbey Aldrich was celebrated just before noon today at the estate of Senator Aldrich, at Warwick Neck. The tea room built for the ceremony was all in white, floors, ceilings and walls, with curtains of smilax at the windows and nauve orchids everywhere. Seven hundred guests attended the reception. Two special steamers carried those invited to the reception, the first of these leaving Providence at 10:30 and the second a half hour later. These landed the guests at the private wharf of Senator Aldrich. There were also forty-five special closed electric cars for those who preferred to go in that manner. The wedding presents are valued at more than $1,000,000.

The breakfast at the wedding was without a doubt, one of the most elaborate ever served and in point of oddity carried off the palm. One thousand guests were seated at the tables, which were arranged in form of a mammoth heart.

TODAY

The Second Anniversary of British-Boer War.

The Public is Displeased With the Present War Policy and the Boers are Still Fighting.

Special by Wire to Times-Democrat.

London, Oct. 9.—Two years ago today the war began between England and the two Transvaal republics. The press almost unanimously condemns the present war policy. The Birmingham Post today says: "Patience has its limits and we fear the limits of the patience of the British public is nearly reached."

NO ADMISSION

Made by Mrs. Witwer That was Damaging.

Special by wire to Times-Democrat.

Dayton, Oct. 9.—After two hours rigid examination by Chief of Police Whitwer, lasting two hours, Mrs. Witwer left his presence without making a single damaging admission. She is still in custody.

NEW ADMIRAL

Chosen to Fill the Place Schley Left.

Special by Wire to Times-Democrat.

Washington, Oct. 9.—Captain Frank Wildes, who commanded the Boston during the battle of Manila bay, was today, promoted to be Rear Admiral to fill the vacancy by the retirement of Admiral Schley.

Dayton Gets the Pennant.

Special by Wire to Times-Democrat.

WAITING

For the Commissioners to Act.

Authorities Want to Exhume Bodies of Victims.

Dayton Police are Still Holding the Mysterious Mrs. Mary Witwer and Suspicion is the Only Charge.

Special by Wire to Times-Democrat.

Dayton, Oct. 9.—Mrs. Mary Witwer is still held on suspicion and the machinery of the police and coroner's department is idle, pending action by the county commissioners, authorizing an expenditure of money to exhume the bodies of Mrs. Pugh, Witwer, the prisoner's last husband and Keller. It is the intention of the authorities to proceed slowly with a view of meeting each contingency with conclusive evidence, if it is to be had.

TWO MILLION

To be Raised by Masons for the McKinley Arch.

Special by Wire to Times-Democrat.

Washington, Oct. 9.—There will be a meeting tonight at the Masonic temple to organize the McKinley memorial arch association which hopes to erect an arch costing two million dollars at the east end of the proposed memorial bridge over the Potomac river here. The funds will be raised by popular subscription.

NEW

Canal Treaty a Reconstruction

Of the Old One

England Makes No Concessions

And the Underlying Principle of the Clayton-Bulwer Treaty

Is Perfectly Preserved in the Treaty That is Now Pending Between the United States and England.

Washington, Oct. 9.—There has been no surrender by England to the United States in the matter of the new isthmian canal treaty, according to the best authority here. It is said to be equally true that the United States has sacrificed no principle in these negotiations. The effect of contrary statements is deprecated as likely seriously to jeopardize the chances of the consummation of the convention which shall finally and peacefully settle an issue that has been a source of danger for the past 50 years.

It is said that what actually has happened is that each side has preserved the underlying principle of the Clayton-Bulwer treaty, and the new convention will provide for a waterway neutral at all times and open to the commerce of the world. The Clayton-Bulwer treaty, drawn half a century ago, however, has proved to be defective in mechanism for giving effect to this purpose. The new treaty simply provides this mechanism. England is relieved from the guarantee, which in her case was only troublesome, and which, being assumed by the United States in toto, is quite as effective. As viewed from the American point of view, there was no surrender on England's part in seeking this relief, inasmuch as the above mentioned principle is reiterated and affirmed as binding upon the United States. As for the form of the treaty, it may be stated that it embodies in substance the amendments to the Hay-Pauncefote treaty, which were adopted by the senate, and beyond that, the changes are believed to be textual rather than substantial.

Special by Wire to Times-Democrat.

New York, Oct. 9.—Alfred G. Vanderbilt started at 5:55 this morning on a record breaking coaching trip to Philadelphia and return, the trip to be made in 16 hours and 25 minutes. At Newark, N. J., his coach was 22 minutes behind the schedule.

SAILED

For Samar to Catch the Rebels

Who Massacred the Boys of the Ninth.

When Captured it is Smith's Intention to Inflict Sanguinary Punishment Upon the Offenders.

Special by wire to Times-Democrat.

Manila, Oct. 9.—Gen. Smith and a battalion of the Seventeenth infantry sailed for the island of Samar today, to punish the rebels who massacred over thirty members of company C, 9th infantry near Balingaga recently. Late details of the Samar disaster show that horrible indignations were perpetrated on the dead bodies.

Covets Gold Mines.

Lima, Peru, Oct. 9.—It is asserted here on reliable authority that the greed of Bolivia has been excited by the wealth of the Santo Durango mines, which are the property of the Inca Mining company, an American organization. The Bolivians declare that the mines are on Bolivian territory, which they claim extends into the Inambara river. The government of Peru is determined to oppose this contention firmly. The new Peruvian minister to Bolivia, Dr. Felipe Osma, will proceed to La Paz, capital of Bolivia, to discuss the issue, as well as other questions.

Ties Sundered.

San Antonio, Tex., Oct. 9.—In the Thirty-seventh district court, in the case of Mary King McLeary vs. J. P. McLeary, suit for divorce, Judge Clark granted the petition of plaintiff and a decree of absolute divorce was entered. The petition alleges abandonment as a cause of action. The defendant was on last Saturday appointed justice of the supreme court of Porto Rico by President Roosevelt, and was associate justice of the supreme court of Montana under President Cleveland.

Deadly Street Duel.

Houston, Tex., Oct. 9.—Walter Malch and Ben Kegans engaged in a street duel, the former being instantly killed and Kegans mortally wounded. The trouble, it is said, arose over a trivial affair. Four shots were fired, Kegans receiving a bullet through the abdomen and Malch one through the heart.

BRIGANDS

Who are Guarding Miss Stone are Surrounded.

Special by Wire to Times-Democrat.

Constantinople, Oct. 9.—Advices received here state that eighteen brigands, who are guarding Miss Ellen M. Stone, the American missionary, who was kidnapped, have been located on a hill and are being surrounded by troops.

The hill on which the brigands have been located is said to be near Dubnitza, about fourty miles south of Sofia, Bulgaria. Turkish and Bulgarian troops are co-operating for the capture of the band, and the Bulgarian government has promised to do its utmost to bring the brigands to justice.

TEN YEARS

In a House of Correction for Wrecking a Bank.

Special by Wire to Times-Democrat.

Niles, Mich., Oct. 9.—Charles Johnson, who wrecked the Niles National Bank by embezzling $150,000 has been sentenced to ten years in the Detroit House of Correction.

LUCKY PAIR

Who were Recipients of Mr. Schwab's Big Gift.

Special by Wire to Times-Democrat.

Pittsburg, Oct. 9.—When C. M. Schwab, of the steel trust presented a church to the Catholic congregation of Loretto he agreed to give $1,000 to the first couple married in it. The lucky groom is Edward McGuire, and the bride is Susan Little, married yesterday.

Pictures of American Coins.

Washington, Oct. 9.—The representatives of a book publishing house called on Assistant Secretary Taylor at the treasury department to ask for relief from the seizure of several thousand arithmetics by the secret service. These arithmetics were printed for use in the schools of the Philippines and contain pictures of American coins. As any printed fac simile of an American obligation is in violation of the counterfeiting laws, the arithmetic was suppressed. The publishers contend that a wrong has been done, as the pictures were educational and necessary to the information of the children in the schools. The question will be taken up by Secretary Gage on his return to Washington.

President's Message.

Washington, Oct. 9.—Only four members of the cabinet attended the cabinet meeting, Secretaries Hay, Root, Long and Gage being absent from the city. Those present were Attorney General Knox, Postmaster General Smith and Secretaries Hitchcock and Wilson. Nothing important developed at the meeting. The president talked over the work of the various departments with his advisers. He has begun already the preparation of his message to congress, and desires to familiarize himself with all the questions pending in the departments.

Chinese Trade Treaties.

Washington, Oct. 9.—Minister Conger has cabled the state department a brief confirmation of the Peking report that, by royal decree, the Chinese government has appointed especially empowered representatives to treat with Mr. Sharretts and such other officers as may be appointed in behalf of the European nations to negotiate trade and tariff treaties.

Money For the Ransom.

Boston, Oct. 9.—A statement of money received for the ransom fund for Miss Stone, given out by Kidder, Peabody & Company, makes the total $56,574.61. The rush of contributors is over because of the general opinion that the critical moment has been averted, and that a month's time offers ample opportunity to add to the fund. Mr. Charles A. Stone, brother of the captive missionary, wishes activity for the fund to continue for a few days longer. He hopes that the cable dispatches indicating that the brigands have granted a month's time are right, although he has no personal confirmation of that fact.

Engines Chained to Tracks.

Muncie, Ind., Oct. 9.—Since Saturday morning the engines of the Chicago and Southeastern railroad have been chained to the tracks by the workmen, who refuse to allow them to move until their wages, long overdue, are paid. This final action was taken after a strike in the local shops of the railroad had been on for over a week. The men declare that they have received no pay for about two months, and are badly in need of money. Suits have been filed in the circuit court by the workmen, in which they make demands for their wages.

Clerical Error

Discovered in the Vote Record.

This Changed the Action on the Measure When Corrected.

Triennial Report of Trustees and the General Clerical Relief Fund Presented to the Convention.

San Francisco, Oct. 9.—The result of the protracted debate in the Episcopal house of deputies, which ended Monday evening in the apparent adoption of the proposed addition to article X of the new constitution, providing for a form of service not strictly in accordance with the prayer book, has been nullified by the correction of a clerical error. The change of the vote of Nebraska, which had been incorrectly entered in the record, resulted in the defeat of the amendment.

A majority report of the committee was made that, as it was not prepared to make any recommendation on the memorials from Milwaukee and Colorado, the name of the church as it appears on the title page of the prayer book be changed. A majority report was presented recognizing that a constitutional amendment would also be required, and asking that the whole matter be referred to a special committee to be appointed by chairman.

The committee further reported a recommendation that the house concur in the action of the bishops providing for marginal readings; also that they could not advise the authorization of the use of the revised version in reading the lessons. The committee reported that it was the opinion of the committee that the table of lessons was not a part of prayer book in the sense that general provision for the amendment of the prayer book applied to it. J. P. Morgan presented a memorial from the church clubs of New York and other cities in regard to a bishopric in the Philippines.

The triennial report of the trustees of the general clerical relief fund was presented. It recommends the junction of the several diocese funds of a similar character with the general fund. Twenty dioceses have already moved in that direction. More than ever had been received and paid out to annuitants by about $14,000.

After disposing of much routine business, the house of bishops took up the subject of marriage and divorce. It is not expected that a vote will be reached for several days.

A general missionary mass meeting was held at the Mechanics' pavilion. The attendance was estimated at 10,000. The music was provided by a vested choir of 4,000 men and boys. After a simple service of prayer, addresses were made by the lord bishop of Newcastle, England; Bishop Potter of New York, Bishop Partridge of Kyoto and Burton Mansfield of New Haven, Conn. All of the speakers urged the importance of renewed zeal in advancing the cause of the church in foreign lands.

Wells in the East Lima Pool

Send the Price

Of Territory Sky High in That Field.

Two New Wells Start Off at 100 and 175 Barrels Respectively.

The Perry Oil Co. Drills in a Producer With Sixty-five Barrels Its Initial Production—Field News.

Since from a couple of large wells in the Perry township pool east of the city there has been little of interest in that territory this week, says a Lima dispatch to the Derrick. The splendid new wells and the old ones have proved to be better stayers than was anticipated when the pool was several months younger. Territory is about all picked up and any that is unleased brings fancy prices. A Lima firm paying $1,300 bonus for 130 acres early in the week. This price was put on chiefly on the fine showing of the last two wells. These are on adjoining farms and offset each other being Comwoiant & Mann's No 2 A Heffner and Samuel Lippincott's No 2 Brenninger, both in section 1. Their initial production was 100 and 175 barrels respectively.

In section 3 Perry the Perry Oil company's No 3 Freed is good for 65 barrels and Roth Argue & Co's No 3 Biggie section 12 started at 45 barrels.

In section 22 Bath township the Cub Petroleum company's No 12 T S Hathorn did 40 barrels the first day.

The Sand Fork Oil company's No 2 Groves farm section 9, Shawnee township is about as good as a dry only doing two barrels a day.

In Spencer township the Federal Oil company and Herring got a fair well on their No 4 M Snever farm section 1. It did 40 barrels the first day.

The Ohio Oil company's No 2 W McBride section 14, Marion township put 15 barrels into the tank the first day.

On the Eaton heirs farm in section 12 Richland township U M Shappell & Co's test starts out at a fair gait, doing 25 barrels the first day.

The Venedocia field in Van Wert county has several new wells, but they are all average producers and do not show any extension to speak of.

In section 1, York township R G. Gillespie's No 7 E A Evans, starts at 40 barrels and Van Vleck & Stow's No 5 M H Morgan, did 50 barrels the first day.

In Jennings township Herring & Co No 4 E G Davis, section 17, is a 10 barreler, and No 9, William Meredith section 7, starts at 25 barrels,

Promises to cure and keeps the promise. Ask your druggist for it today, and accept no substitute.

Kerr Jones & Co's No 4. J T Thomas section 18 is also good for 25 barrels.

The best results in Hancock county continue to be obtained in the eastern portion of the field. In Marion township the Federal Oil company's No 9 W P. Wisely, section 13 starts off at 100 barrels keeping up the record of the lease for good wells. In section 25, Potter Thomas & Co's second well on the Jacobs farm did 80 barrels the first day as did Wanamaker Roring & Co's No. 2 Mary Wolfe section 2.

In Cass township the Ohio Oil company has begun operations on the E Reed farm in section 27 with good success the first well starting at 70 barrels. In section 37 same township C H Ormsbee's No 10 J B Wagner, started off at 100 barrel gait without being shot.

Big Lick township has a new well to its credit which recalls the early day operations in that territory. It is Peckenridge & Co's No 11 ... Russell section 6 and starts at 150 barrels.

Wood county has another of those big wells which are occasionally struck in the odds and ends of her once prolific territory. This one is the Ohio Oil company's No 52 L Cable farm in section 2 Henry township and put 300 barrels into the tanks the first day.

The same company's last well on the famous Corey lease in Liberty township started at 60 barrels.

In Portage township the Exchange Oil company's No 19 H Myers section 31 started at 30 barrels.

In section 16 Freedom township John McAfee has drilled in a couple of test wells and got light pumpers. No 1 Heckert is good for 10 barrels and No 1 Woodruff for 25.

To Market Texas Oil.

Says a New Orleans dispatch to the New York Commercial

By the energy of a wideawake New Orleans merchant and capital secured in New York a considerable quantity of the oil from Spindle Top in Beaumont Tex will be marketed in New England states. A sole agency for several eastern states was secured from one company and with headquarters in New York the transporting and selling company has announced its readiness to do business.

By the agreement with the home company the product is to be delivered free on board at Sabine Pass, after which the new company will market the product. The oil company owns seven and one half acres of oil land on Spindle Top, and has bought in two gushers of 100,000 barrels a day capacity. It has a pipe line to Sabine Pass.

It is proposed that the oil be loaded directly into steamers and barges and thus reach the market. Vessels have been secured for the enterprise and with the territory secured by the new company it promises to at once open up vast possibilities.

Forewarned, Forearmed.

The liability to disease is greatly lessened when the blood is in good condition, and the circulation healthy and vigorous. For then all refuse matter is promptly carried out of the system; otherwise it would rapidly accumulate—fermentation would take place, the blood become polluted and the constitution so weakened that a simple malady might result seriously.

A healthy, active circulation means good digestion and strong, healthy nerves.

As a blood purifier and tonic S. S. S. has no equal. It is the safest and best remedy for old people and children because it contains no minerals, but is made exclusively of roots and herbs.

No other remedy so thoroughly and effectually cleanses the blood of impurities. At the same time it builds up the weak and debilitated, and renovates the entire system. It cures permanently all manner of blood and skin troubles.

Mr. E. E. Kealy, of Urbana, O., writes: "I had Eczema on my hands and face for five years. It would break out in little white pustules, crusts would form and drop off, leaving the skin red and inflamed. The doctors did me no good. I used all the medicated soaps and salves without benefit. S. S. S. cured me, and my skin is as clear and smooth as any one's."

Mrs. Henry Siegfried, of Cape May, N. J., says that twenty-one bottles of S. S. S. cured her of Cancer of the breast. Doctors and friends thought her case hopeless.

Richard T. Gardner, Florence, S. C., suffered for years with Boils. Two bottles of S. S. S. put his blood in good condition and the Boils disappeared.

Western Packing Kings Will Not Form a Trust.

Chicago, Oct. 9.—P. Anderson Valentine, treasurer of Armour & Company, put a quietus on the reports of a prospective consolidation of the leading spirits in the big packing industry. He disposed of the proposition so far as his firm is concerned with the declaration that Armour & Company might expand, but that they would never be absorbed. Representatives of Nelson Morris & Company, Swift & Company and the Hammond estate who, together with Armour & Company, constitute the "big four," were equally emphatic. The total absence of any rivalry between these concerns, amounting to apparently an understanding, was admitted, but insistence was made that this would not, under any circumstances, lead to the formation of a practical trust in the beef trade.

British Steamer Fired On.

Colon Colombia Oct 9—A force of liberals numbering at least 250 attacked Morro island, commanding the entrance to the port of Tumaco, Sept 24. The island had all along been garrisoned with fewer than 100 troops. The landing was effected before daybreak by means of canoes. Simultaneously the island was stormed from the other end by liberals on the mainland. The British steamer Quito bound from Guayaquil Ecuador for Panama, and touching at ports between anchored off Morro island on the night of Sept 26 and weighing anchor at daybreak, started up steam toward Tumaco. The liberals fired upon her and the vessel withdrew.

Was a Musical Director.

Ogden Utah Oct 9—Professor William Robinson, well known to theatrical people throughout the United States dropped dead of heart disease in this city. Robinson was a pupil of the late Sir Arthur Sullivan at the Royal academy of music London. For eight years he was musical director for the Gilbert & Sullivan operas. He had led the orchestra for the Castle Square companies in New York and Chicago and later was connected with the Southwell company. Robinson came to Ogden about a year ago with an opera company which disbanded. Since then he had resided here.

Women's Bloody Work.

Savannah Ga Oct 9—Frank Hemingway, a musician employed in a theater orchestra was shot and killed by a woman known as Clara Stuart. The woman then sent a bullet through her own brain. Death was instantaneous in both cases. Jealousy is believed to have been the cause of the tragedy. Hemingway was from South Framingham, Mass. The woman's real name was Nanon Cozer, and she was from Oswego, N. Y.

Born In Ohio.

Springfield Ills Oct 9 — Colonel Noble B Wiggins, one of the best known hotel men in the west, died suddenly at the Leland hotel farm of bright's disease, aged 59. He was born in Cuyahoga county, O., and enlisted in the civil war with Garfield's regiment. At the close of the war he came to Springfield with his brother-in-law, Horace S. Leland and they took charge of the Leland hotel.

Lord Roberts On the War.

Liverpool. Oct. 9. — Lord Roberts, after distributing medals to troops alluded to the concern of the nation over South African affairs and to the attacks of the press on the government for not doing more. The government, he said, relied on Lord Kitchener, whose every request for men, horses and stores had been complied with. He exhorted the people to be patient.

Declare There is a Sure Cure for Nervous Ailments.

Use of Paine's Celery is Openly Advised.

Wonderful Results Recently Effected by Compound.

Buffalo Oct 8 1901—An evening paper publishes a symposium of physicians opinion regarding the efficacy of various remedies for the cure of nervous prostration and attendant ills. Each physician was asked to express his opinion first whether those diseases were curable when once they had gained a hold upon the patient and second whether the said remedy would be beneficial in all cases.

Without exception the physicians interviewed declared that nervous prostration when not too far advanced insomnia rheumatism indigestion resulting, as it most frequently does from deranged nerves, and neuralgia and most liver and kidney complaints were absolutely curable.

A Typical South African Store.

O R Lawson of Bay Villa Sunday's River Cape Colony conducts a store typical of South Africa at which can be purchased anything from the proverbial needle to an anchor. This store is situated in a valley nine miles from the nearest railway station and about twenty five miles from the nearest town. Mr Lawson says: "I am favored with the custom of farmers within a radius of thirty miles to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where doctors advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months no less than fourteen have been absolutely cured by Chamberlains Cough Remedy. This must surely be a record." For sale by Wm M. Melville old post office corner.

HUNTERS' RATES TO UPPER MICHIGAN AND WISCONSIN.

Mrs T Briddleman of Parshallville, Mich, was troubled with salt rheum for thirteen years and had tried a number of doctors without relief. After two applications of Banner Salve, her hands became better and in a short time she was entirely cured. Beware of substitutes. For sale by H F Vortkamp.

One on the Professor.

"Has anything ever been discovered on Venus?" asked the student of astronomy.

"No," replied the professor, whose mind had slipped a cog and transported him into mythological fields, "not if the pictures of her are authentic."

A new remedy for biliousness is now on sale at Wm M. Melville's drug store. It is called Chamberlain's Stomach and Liver Tablets. It gives quick relief and will prevent the attack if given as soon as the first indication of the disease appears. Price 25 cents per box. Samples free.

Not Necessary.

"When you're at a loss for a suitable word do you ever apply to your wife?"

"No," replied the writer, "I don't have to. Her entire vocabulary is coming my way most of the time."

WILY SULTAN

May Have Had a Hand In the Abduction of Miss Stone.

Kansas City, Oct. 9—Dr. M. Mesropian of this city, a physician and a native of Armenia who has lectured considerably in eastern cities on the atrocities perpetrated on the Armenians by the Turks, declares that the abduction of Miss Stone, the American missionary, by brigands in Bulgaria, was the work of the Sultan of Turkey. "I am sure it was he who ordered the brigands to carry off Miss Stone," said Dr. Mesropian. "He ordered her to be taken across the Bulgarian border so as to distract suspicion from himself. It is a move in retaliation for the enforced payment of a $90,000 indemnity that the United States exacted of Abdul Hamid for the burning of American missionary buildings."

His Aim Was Bad.

Youngstown, O, Oct 9—Henry Johnson, colored tried to sell a $500 diamond at a local jewelry store and the police were put on his track. He resisted arrest and officers shot at him. Upon the Occasion of an Anniversary.

Session of Grace Epworth League at A. L. Ransbottom's Last Night.

A South Lima Lad Fell from a Tree While Gathering Hickorynuts and was Severely Bruised.

Grace church Epworth League held a social at A. L. Ransbottom's on west Kibby street last night. The occasion was delightful. Many enjoyed the evening's pleasure. Music enlivened the occasion. An elocutionary program was pleasantly rendered. This was one of the most satisfactory sessions of the league. The social department of the organization is accomplishing gratifying results. By this means its membership constantly increases. These features will continue during the winter.

Upon occasion of her birthday yesterday evening, Mrs. E. A. Dean was happily surprised at her home on south Central avenue. During the afternoon friends called in compliment to the event but the surprise occurred when a large party presented themselves in the evening. Mrs. Dean nothwithstanding being taken unawares proved herself adequate to the occasion. All were pleased by the hospitality accorded. Different divertisements occupied the evening. A collection of delicacies were dispensed just prior to the guests retiring.

At his home on Madison avenue Fred Kelly was surprised agreeably by a number of friends. The grotesque masqueraders made the event one pleasantly to remember. Miss Hazel Edwards received a prize for wearing the most comical attire.

Grover Drew, an eight year old boy residing on St. Johns avenue, acknowledged to officer Miller, he turned in the false fire alarm yesterday. Owing to his age he will not be prosecuted.

Gathering nuts in a woods south of [illegible] yesterday afternoon Alvin Shirk, of south Lima fell from a limb to the ground a distance of several feet. He struck between two logs bruising himself generally. Strange no fractures were sustained. A long gash was inflicted in the back of the head. Owing to the sprain of his spine he was unable to walk for nearly an hour. His companions assisted him home. He still suffers from a lame back.

Miss Mamie King returned to Spencerville this morning, having visited here the past few days.

Thomas Johns on south Pine street, has gone to Buffalo, to attend the Pan-American exposition.

Albert DeLong, a soldier from the barracks at Columbus, is spending a furlough with relatives in south Lima.

Cod liver oil has many more uses than the cure of consumption. It is the greatest of all revitalizing agents.

That is the reason Hagee's Cordial of Cod Liver Oil with Hypophosphites of Lima and Soda is considered so valuable by eminent physicians for convalescents, weakened women, puny children. It contains all the active principles of cod liver oil without the grease. It can be enjoyed by the most sensitive palate and retained by the most rebellious stomach. A corrective possessing the highest nutritive value in all diseases of the stomach, blood and nerves.

Boy Murderer Put Away.

Logan, Utah, Oct. 9.—Abe Majors, popularly known as the "boy murderer," was sentenced to life imprisonment for the killing of Captain Brown, chief of the Ogden police, three years ago. Majors, who is barely out of his teens, was convicted for the crime and sentenced to be shot in 1898, but the supreme court granted him a new trial, which was concluded on Saturday last.

Indianapolis Election.

Indianapolis, Oct. 9.—The municipal election held here for city officers has resulted in the probable election of the Republican ticket by modest pluralities. The election passed off quietly. Official returns may change the figures, but it is believed Mr. Bookwalter for mayor and the Republican ticket are elected.

Found Dead.

Houghton, Mich., Oct. 9.—Dr. Alex McRae of the Centennial mine was found dead in the basement of his house by a member of the family. The only thing that would indicate the cause of death was a slight burn on one of his hands, as if from an electric wire.

Wells in the East Lima Pool

Send the Price

Of Territory Sky High in That Field.

Two New Wells Start Off at 100 and 175 Barrels Respectively.

The Perry Oil Co. Drills in a Producer With Sixty-five Barrels Its Initial Production—Field News.

Aside from a couple of large wells in the Perry township pool east of the city, there has been little of interest in local territory this week, says a Lima dispatch to the Derrick. That splendid new wells and the old ones have proved to be better stayers than was anticipated when the pool was several months younger. Territory is about all picked up and any that is unleased brings fancy prices. a Lima firm paying $1,400 bonus for 120 acres early in the week. This price was paid chiefly on the fine showing of the last two wells. These are on adjoining farms and offset each other, being Chenoweth & Mann's No. 2 A. Heffner and Samuel Lippert's No. 2 Brentlinger, both in section 1. Their initial production was 100 and 175 barrels respectively.

In section 4, Perry, the Perry Oil company's No. 5 Freed is good for 65 barrels, and Roth, Argue & Co.'s No. 3 Highie section 12 started at 45 barrels.

In section 22, Bath township, the Cuba Petroleum company's No. 12 T. S. Hathorn, did 40 barrels the first day.

The Sand Fork Oil company's No. 2 Groves farm, section 9 Shawnee township, is about as good as a dry only doing two barrels a day.

In Spencer township, the Federal Oil company and Herring got a fair well in their No. 4 M. Snever farm, section 13. It did 40 barrels the first day.

The Ohio Oil company's No. 3 W. McBride, section 14, Marion township put 75 barrels into the tank the first day.

On the Eaton heirs farm, in section 12, Richland township, U. M. Shappell & Co's test starts off at a fair gait, doing 25 barrels the first day.

The Venedocia field in Van Wert county has several new wells, but they are all average producers and do not show any extension to speak of.

In section 1, York township, R. G. Gillespie's No. 7, E. A. Evans, starts at 40 barrels and Van Vleck & Stow's No. 5, M. H. Morgan, did 50 barrels the first day.

In Jennings township Herring & Co. No. 4, E. G. Davis, section 17, is a 10 barreler, and No. 9, William Meredith, section 7, starts at 25 barrels.

Forewarned, Forearmed.

The liability to disease is greatly lessened when the blood is in good condition, and the circulation healthy and vigorous. For then all refuse matter is promptly carried out of the system; otherwise it would rapidly accumulate—fermentation would take place, the blood become polluted and the constitution so weakened that a simple malady might result seriously.

A healthy, active circulation means good digestion and strong, healthy nerves.

As a blood purifier and tonic S. S. S. has no equal. It is the safest and best remedy for old people and children because it contains no minerals, but is made exclusively of roots and herbs.

No other remedy so thoroughly and effectually cleanses the blood of impurities. At the same time it builds up the weak and debilitated, and renovates the entire system. It cures permanently all manner of blood and skin troubles.

"Mr. E. H. Kelly, of Urbana, O., writes: "I had Eczema on my hands and face for five years. It would break out in little white pustules, crusts would form and drop off, leaving the skin red and inflamed. The doctors did me no good. I used all the medicated soaps and salves without benefit. S. S. S. cured me, and my skin is as clear and smooth as any one's."

Mrs. Henry Siegfried, of Cape May, N. J., says that twenty-one bottles of S. S. S. cured her of Cancer of the breast. Doctors and friends thought her case hopeless.

Richard T. Gardner, Florence, S. C., suffered for years with Boils. Two bottles of S. S. S. put his blood in good condition and the Boils disappeared.

Scrofula

This root of many evils—

Glandular tumors, abscesses, pimples, and other cutaneous eruptions, sore ears, inflamed eyelids, rickets, dyspepsia, catarrh, readiness to catch cold and inability to get rid of it easily, paleness, nervousness, the consumptive tendency, and other ailments—

Can be completely and permanently removed, no matter how young or old the sufferer.

Hood's Sarsaparilla was given the daughter of Silas Vernooy, Wawarsing, N. Y., who had broken out with scrofula sores all over her face and head. The first bottle helped her and when she had taken six the sores were all healed and her face was smooth. He writes that she has never shown any sign of the scrofula returning.

Hood's Sarsaparilla

Promises to cure and keeps the promise. Ask your druggist for it today and accept no substitute.

Kerr, Jones & Co.'s No. 4, J. T. Thomas section 18, is also good for 25 barrels.

The best results in Hancock county continue to be obtained in the eastern portion of the field. In Marion township the Federal Oil company's No. 9, W. P. Wisely, section 13, starts off at 120 barrels, keeping up the record of the lease for good wells. In section 25, Porter, Thomas & Co.'s second well on the Jacobs farm did 80 barrels the first day, as did Wanamaker, Roring & Co's No 3. Mary Wolfe, section 2.

In Cass township, the Ohio Oil company has begun operations on the E. Reed farm, in section 27, with good success, the first well starting at 70 barrels. In section 35, same township C. H. Ormsbee's No. 10, J. B. Wagner started off at 100 barrel gait without being shot.

Big Lick township has a new well to its credit which recalls the early day operations in that territory. It is Beckenridge & Co's No 11 A. L. Russell, section 6 and starts at 150 barrels.

Wood county has another of those big wells which are occasionally struck in the odds and ends of her once prolific territory. This one is the Ohio Oil company's No. 52, L. Cable farm, in section 2, Henry township, and put 500 barrels into the tanks the first day.

The same company's last well on the famous Corey lease, in Liberty township, started at 60 barrels.

In Portage township the Exchange Oil company's No. 19, H. Myers, section 31, started at 50 barrels.

In section 36, Freedom township John McAfee has drilled in a couple of test wells and got light pumpers. No. 1 Heckert is good for 10 barrels, and No. 1 Woodruff for 25.

To Market Texas Oil.

Says a New Orleans dispatch to the New York Commercial.

By the energy of a wideawake New Orleans merchant, and capital secured in New York, a considerable quantity of the oil from Spindle Top in Beaumont, Tex., will be marketed in New England states. A sole agency for several eastern states was secured from one company, and with headquarters in New York the transporting and selling company has announced its readiness to do business.

By the agreement with the home company the product is to be delivered free on board at Sabine Pass, after which the new company will market the product. The oil company owns seven and one-half acres of oil land on Spindle Top, and has bought in two gushers of 100,000 barrels a day capacity. It has a pipe line to Sabine Pass.

It is proposed that the oil be loaded directly into steamers and barges and thus reach the market. Vessels have been secured for the enterprise, and with the territory secured by the new company it promises to at once open up vast possibilities.

You are invited to call and personally inspect our line of novelties and pattern hats. We know our work to be satisfactory.

Western Packing Kings Will Not Form a Trust.

Chicago, Oct. 9.—P. Anderson Valentine, treasurer of Armour & Company, put a quietus on the reports of a prospective consolidation of the leading spirits in the big packing industry. He disposed of the proposition so far as his firm is concerned with the declaration that Armour & Company might expand, but that they would never be absorbed. Representatives of Nelson Morris & Company, Swift & Company and the Hammond estate, who, together with Armour & Company, constitute the "big four," were equally emphatic. The total absence of any rivalry between these concerns, amounting to apparently an understanding, was admitted, but insistence was made that this would not, under any circumstances, lead to the formation of a practical trust in the beef trade.

British Steamer Fired On.

Colon, Colombia, Oct. 9.—A force of liberals numbering at least 250 attacked Morro island, commanding the entrance to the port of Tumaco. Sept. 24. The island had all along been garrisoned with fewer than 100 troops. The landing was effected before daybreak by means of canoes. Simultaneously the island was stormed from the other end by liberals on the mainland. The British steamer Quito, bound from Guayaquil, Ecuador, for Panama, and touching at ports between, anchored off Morro island on the night of Sept. 26 and, weighing anchor at daybreak, started up stream toward Tumaco. The liberals fired upon her, and the vessel withdrew.

Was a Musical Director.

Ogden, Utah, Oct. 9.—Professor William Robinson, well known to theatrical people throughout the United States, dropped dead of heart disease in this city. Robinson was a pupil of the late Sir Arthur Sullivan at the Royal academy of music, London. For eight years he was musical director for the Gilbert & Sullivan operas. He had led the orchestra for the Castle Square companies in New York and Chicago, and later was connected with the Southwell company. Robinson came to Ogden about a year ago with an opera company, which disbanded. Since then he had resided here.

Woman's Bloody Work.

Savannah, Ga., Oct 9.—Frank Hemingway, a musician, employed in a theater orchestra, was shot and killed by a woman known as Clara Stuart. The woman then sent a bullet through her own brain. Death was instantaneous in both cases. Jealousy is believed to have been the cause of the tragedy. Hemingway was from South Framingham Mass. The woman's real name was Nanon Cozier, and she was from Oswego, N. Y.

Trial of Caleb Powers.

Georgetown, Ky., Oct. 9. — In the second trial of ex-Secretary of State Caleb Powers, as accessory to the murder of Governor Goebel, Judge Cantrill refused to vacate the bench at the request of defendant's counsel, who alleged that the court was prejudiced. The judge said the affidavit should have been filed before any action in the case had been taken by him. Witnesses have been summoned and the trial will proceed.

Was Discharged.

Omaha, Oct. 9.—Mrs. Mollie Mabray the Kansas City woman who has been held for some time for an alleged attempt to disfigure Miss Maude Hansen by throwing acid in her face, was discharged. Miss Hansen's face was badly burned and her eyesight partially destroyed by acid, which, she says, was thrown by Mrs. Mabray. The case has excited considerable attention owing to the prominence of the Mabrays.

Born In Ohio.

Springfield, Ills. Oct 9. — Colonel Noble B. Wiggins, one of the best known hotel men in the west, died suddenly at the Leland hotel farm of bright's disease, aged 59. He was born in Cuyahoga county, O., and enlisted in the civil war with Garfield's regiment. At the close of the war he came to Springfield with his brother-in-law, Horace S. Leland, and they took charge of the Leland hotel.

Lord Roberts On the War.

Liverpool, Oct. 9. — Lord Roberts, after distributing medals to troops, alluded to the concern of the nation over South African affairs and to the attacks of the press on the government for not doing more. The government, he said, relied on Lord Kitchener, whose every request for men, horses and stores had been complied with. He exhorted the people to be patient.

ABLEST DOCTORS IN AMERICA

Declare There is a Sure Cure for Nervous Ailments.

Use of Paine's Celery is Openly Advised.

Wonderful Results Recently Effected by Compound.

Buffalo, Oct 8, 1901.—An evening paper publishes a symposium of physicians opinion regarding the efficacy of various remedies for the cure of nervous prostration and attendant ills. Each physician was asked to express his opinion, first, whether those diseases were curable when once they had gained a hold upon the patient, and second, whether the same remedy would be beneficial in all cases.

Without exception, the physicians interviewed declared that nervous prostration, when not too far advanced, insomnia, rheumatism, indigestion, resulting, as it most frequently does, from deranged nerves, dizzy headaches and most liver and kidney complaints were absolutely curable.

But the answer to the second question was most remarkable, for, with two exceptions, all the doctors mentioned by name Paine's celery compound, a well known remedy manufactured by Wells & Richardson Co., of Burlington, Vt. and first discovered by the eminent Dr. Edward Phelps, some years ago after a thorough investigation and the accumulation of a great deal of data, both here and in Germany.

It is probably the one instance, says the newspaper, where a prepared remedy has been openly indorsed by physicians of such standing. It seems that the formula of the compound has always been furnished to physicians in regular standing and that the remedy is generally prescribed by up-to-date practitioners here, and in England and Germany, where it is quite as well known as in this country.

Many wonderful cures by the use of this famous compound are cited, one of them the well known case of Commodore Howell, of Washington.

A Typical South African Store.

O. R. Lawson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlains Cough Remedy. This must surely be a record.' For sale by Wm. M. Mrs. T. Briddleman of Parshallville, Mich., was troubled with salt rheum for thirteen years and had tried a number of doctors without relief. After two applications of Banner Salve, her hands became better and in a short time she was entirely cured. Beware of substitutes. For sale by H. F. Vortkamp.

One on the Professor.

"Has anything ever been discovered on Venus?" asked the student of astronomy.

"No," replied the professor, whose mind had slipped a cog and transported him into mythological fields, "not if the pictures of her are authentic."

A new remedy for biliousness is now on sale at Wm. M. Melville's drug store. It is called Chamberlain's Stomach and Liver Tablets. It gives quick relief and will prevent the attack if given as soon as the first indication of the disease appears. Price 25 cents per box. Samples free.

Not Necessary.

"When you're at a loss for a suitable word do you ever apply to your wife?"

"No," replied the writer, "I don't have to. Her entire vocabulary is coming my way most of the time."

WILY SULTAN

May Have Had a Hand In the Abduction of Miss Stone.

Kansas City, Oct. 9.—Dr. M. Mesropian of this city, a physician and a native of Armenia who has lectured considerably in eastern cities on the atrocities perpetrated on the Armenians by the Turks, declares that the abduction of Miss Stone, the American missionary, by brigands in Bulgaria, was the work of the Sultan of Turkey. "I am sure it was he who ordered the brigands to carry off Miss Stone," said Dr. Mesropian. "He ordered her to be taken across the Bulgarian border so as to distract suspicion from himself. It is a move in retaliation for the enforced payment of a $90,000 indemnity that the United States exacted of Abdul Hamid for the burning of American missionary buildings."

His Aim Was Bad.

Youngstown, O., Oct. 9.—Henry Johnson, colored, tried to sell a $500 diamond at a local jewelry store and the police were put on his track. He resisted arrest and officers shot at him. In return Johnson fired a revolver and several shots took effect in the body of an Italian workman at one of the mills, which the negro ran into. The Italian is in a critical condition. The negro is in jail.

Woman Swore Falsely.

Montgomery, Ala., Oct. 9.—After serving five years of a life sentence for criminal assault upon a woman, Elijah Warren of Pike county was released from the Alabama prison upon an order from Governor Jelks. The woman has furnished the governor an affidavit that at the trial she swore falsely. Thereupon a pardon was issued to Warren.

Football Victim.

Detroit, Oct 9.—Robert McKee, the left tackle of the Alma college football team, who was injured in the game with the Detroit Athletic club here Sunday by being butted in the abdomen, died suddenly in the Brainerd hospital at Alma. His parents live in Canada.

Physician's Mistake.

Columbus Grove O., Oct 9.—E. B. McKinley, a prominent physician of Vaughnesville, five miles west of this place, took a teaspoonful of carbolic acid by mistake and was dead from its effects in 12 minutes.

Instantly Killed.

North Lewisburg, O., Oct. 9.—Edward Davis, section hand on the Erie railway, was instantly killed a mile east of here by a brake shoe flying off a fast freight and striking him on the head.

Leaky Boat.

Friends Were Present at

The Dean Home

Upon the Occasion of an Anniversary.

Session of Grace Epworth League at A. L. Ransbottom's Last Night.

A South Lima Lad Fell from a Tree While Gathering Hickorynuts and was Severely Bruised.

Grace church Epworth League held a social at A. L. Ransbottom's on west Kibby street last night. The occasion was delightful. Many enjoyed the evening's pleasure. Music enlivened the occasion. An elocutionary program was pleasantly rendered. This was one of the most satisfactory sessions of the league. The social department of the organization is accomplishing gratifying results. By this means its membership constantly increases. These features will continue during the winter.

Upon occasion of her birthday yesterday evening, Mrs. E. A. Dean was happily surprised at her home on south Central avenue. During the afternoon friends called in compliment to the event but the surprise occurred when a large party presented themselves in the evening. Mrs. Dean nothwithstanding being taken unawares proved herself adequate to the occasion. All were pleased by the hospitality accorded. Different divertisements occupied the evening. A collection of delicacies were discussed just prior to the guests retiring.

At his home on Madison avenue Lloyd Kelly was surprised agreeably by a number of friends. The grotesque masqueraders made the event one pleasantly to remember. Miss Hazel Edwards received a prize for wearing the most comical attire.

Grover Drew, an eight year old boy residing on St. Johns avenue, acknowledged to officer Miller, he turned in the false fire alarm yesterday. Owing to his age he will not be prosecuted.

Gathering nuts in a woods south of here yesterday afternoon Alvin Shirk, of south Lima fell from a limb to the ground a distance of several feet. He struck between two logs bruising himself generally. Strange no fractures were sustained. A long gash was inflicted in the back of the head. Owing to the sprain of his spine he was unable to walk for nearly an hour. His companions assisted him home. He still suffers from a lame back.

Daniel Baker has gone to Elwood, Ind., upon business.

Frank Huffman has returned to his home at Upper Sandusky, after attending the funeral of a relative here.

Frank Witherill, of Spencerville, accompanied his family home yesterday after attending the funeral of Charles Simon's infant daughter. Mrs. Simons returned with them for a few days visit.

Miss Mamie King returned to Spencerville this morning, having visited here the past few days.

Thomas Johns on south Pine street, has gone to Buffalo, to attend the Pan-American exposition.

Albert DeLong, a soldier from the barracks at Columbus, is spending a furlough with relatives in south Lima, also at Spencerville.

Charles Mooney came home last night from a business trip to Toledo.

After a six weeks confinement to his home by sickness, Walter Calvert is around again.

Charles Miller transacted business in Toledo yesterday.

LeRoy Wheeler on east Kibby street resumed business this morning after a brief illness.

A child of John Reiley's on Broadway, has diphtheria.

Miss Maude Furrey, from Kenton, visiting at her grandfather's, B. G. DeVoe, on south Elizabeth street, is ill.

Mrs. Charles Busic on south Pine street, is entertaining her mother, Mrs. Mary Keller, from Moncolvia.

Dr. W. S. Van Horn, from Findlay, is the guest of his brother, J. F. Van Horn, on McPherson avenue.

Dr. R. V. Dickey, on south Main street, yesterday had for a visitor, Dr. Gage, from Kenton.

Miss Mary Sparling, accompanied by Miss Bertha Hawkins, left this morning for Amanda, to attend the Auglaize Baptist convention.

J. H. Allgire, who was visiting his brother Elmer on south Jackson street, returned to his home at Piqua today.

Rev. W. H. Gallent, pastor of the south Lima Baptist church, is at Amanda attending the Baptist convention. He takes an important part in the meeting. Those who went from south Lima as delegates are Mesdames Broderick, Rubel. Dawson. Others attending are, Henry Proctor, also Howard Rubel.

Rev. E. F. Gambel of Elida, concluding a visit at A. Fawcett's, on west Kibby street, has returned home.

Miss Mamie Meldey, after a protracted stay with south Lima relatives left today for Titusville, Pa., where she will reside in the future.

A large audience enjoyed the entertainment at Stella Rebekah lodge last night. Proceeds were for the benefit of the home at Springfield. The program consisted of music, instrumental and vocal. Phonograph selections composed a portion of the concert. All participants deserve praise for making the affair successful.

Rev. W. T. Hagerman, from Dunkirk, the new pastor of Grace M. E. church, is in south Lima, completing arrangements to remove his family here.

George Wilson, from Ada, with his wife, are guests of south side friends.

Rev. G. H. Sims, on east Kibby street, left last night for Minneapolis, Minn., to attend the national conference of the Christian church.

Yesterday afternoon, the south side fire department was called to Reece avenue by a false alarm.

Miss Della Morris, completing a visit with south Main street friends, returned last night to her home at Kenton.

F. C. Drake, from Findlay, is spending a few days with relatives on Second street.

L. C. Schmidt, of Wapakoneta, transacted business in south Lima yesterday.

Mrs. Thomas Stanyer, has assumed complete control of the establishment formerly partially owned by Mrs. Duckworth, on south Main street.

Boy Murderer Put Away.

Logan, Utah, Oct. 9.—Abe Majors, popularly known as the "boy murderer," was sentenced to life imprisonment for the killing of Captain Brown, chief of the Ogden police, three years ago. Majors, who is barely out of his teens, was convicted for the crime and sentenced to be shot in 1898, but the supreme court granted him a new trial, which was concluded on Saturday last.

Indianapolis Election.

Indianapolis, Oct. 9.—The municipal election held here for city officers has resulted in the probable election of the Republican ticket by modest pluralities. The election passed off quietly. Official returns may change the figures, but it is believed Mr. Bookwalter for mayor and the Republican ticket are elected.

Found Dead.

Houghton, Mich., Oct. 9.—Dr. Alex McRae of the Centennial mine was found dead in the basement of his house by a member of the family. The only thing that would indicate the cause of death was a slight burn on one of his hands, as if from an electric wire.

Now Alger and Miles are having a bit of a row which promises to be more acrimonious than that of Sampson and Schley.

Parks Hone, a well known Democrat of Toledo, says the Democratic state, legislative and county tickets will be carried by the Democrats of Lucas county.

Allen county never had a better treasurer than James W. Gensel, whom the Democracy are presenting this year for re-election to that responsible position.

W. E. Grubb will make a most excellent member of the board of infirmary directors. Everybody in the county knows him and has most implent confidence in his ability and integrity.

No better qualified man lives in Allen county for the position of coroner than Dr. Andrew Bice, whom the Democracy, at their primary election on April last, nominated for that important office.

John W. Manges, the Democratic nominee for representative, is a man in whom the people have the utmost confidence. He is a young, vigorous Democrat and he will represent Allen county in the general assembly.

Albert Hefner, the Democratic nominee for county commissioner, is one of the most progressive and successful farmers of Allen county, just such a man as the people want in the responsible position for which he has been nominated.

Lima is becoming a popular place for public meetings of important orders. Today, we have in session the conclave of the Grand Commandery, Knights Templar of Ohio, and the initial session of the General Council of the Evangelical Church of North America.

Indications now are that Dr. E. J. Barr, the popular Democratic candidate for sheriff will lead the ticket on election day. He is recognized all over the county as a most worthy man, and one in whom the important duties of sheriff may be entrusted with a full assurance that the trust will not be violated.

Republican Attorney General John M. Sheets, in his decision declaring that the state has no power to increase the re valuation of railroads, volunteers the information that they are now taxed only 15 per cent on their value. The statement should bring forcibly to the minds of the corporation managers that they are in an excellent position to contribute to the Republican campaign fund in a very liberal manner.—Toledo Bee.

Regarding the surprise and slaughter of forty-eight of our soldiers in the Philippine Islands, recently, General McArthur is reported as saying that it was "one of those deplorable incidents which have no effect on the general result." That is true, but none the less will the American people deplore the loss of half a hundred of our brave men. None of those who died at the hands of the assaulting party was a prominent man, but he was a patriot all the same and his life was precious to the country. Our army has not been whipped because a few of our soldiers were surprised and killed, but the incident will come home severely to every American hearthstone.—Enquirer.

WHERE IS MARCUS' BARREL?

The Republican executive committee is getting frightened over the very apparent disaffection and apathy in the ranks of their party, and are adopting the most extreme measures to whip their people into line. The most despicable method adopted by them in their effort to get votes is that which is now being made to make votes out of the death of President McKinley. To drag the dead McKinley into a political campaign is an act which is most heartily condemned by thousands of Republican voters, who will resent such a policy by repudiating the act of the committee and voting for Colonel Kilbourne. By this the indepeandent Republicans hope to rebuke such brutality in political campaigning.

The circular which has so aroused the indignation of the Republicans was sent out under date of October 5th is as follows:

The distressing tragedy at Buffalo, the critical illness, and at last the death of our beloved President McKinley, have paralyzed the campaign forces of the party, and we find ourselves on the very eve of election without adequate means for proper organization.

President Roosevelt has risen grandly to the occasion and announced a continuance of President McKinley's policy. A Democratic victory in Ohio would greatly discourage the new administration, and perhaps seriously embarrass its earnest efforts in maintaining the splendid results of William McKinley's masterly genius.

Will Ohio stand by President Roosevelt, as she has always stood by President McKinley?

The time before the November election is short, though the work to be done is great. Organization and the distribution of campaign literature will be expensive. There was never greater need of earnest cooperation and work on the part of the business men of Ohio, and the state executive committee will appreciate your assistance and thankfully acknowledge any contribution you may send us.

Very truly yours,
CHAS. DICK, Chairman.

The people of Ohio deeply deplore the tragical death of President McKinley, whom they respected highly, but to have that tragedy made a lever to extort money for campaign purposes, or to secure votes is a proposition that is condemned on every hand.

If funds are scarce Uncle Marcus should ask the assistance of some of his protected brethren to open another barrel as has usually been done when funds were needed and not drag dead men into the campaign in an effort to work upon the feelings of the voters of Ohio.

Mothers write us that they have solved the problem of keeping their children well. Give them Rocky Mountain Tea each week. A blessing to mother and child. Ask your druggist.

OFFICERS

Of Dana's Band Elected for the Year.

A New Director Who Will Help to Bring the Musicians to a State of Perfection.

Last Monday evening Dana's band held its regular yearly business meeting, and the following officers were elected for the ensuing year: President, Jacob Yazel; secretary, Ed. Fisher; treasurer, R. E. Sweeney; business manager, Harry Green; trustees, Oscar Frey, Ben Kepner and Cliff Thomas.

The band has secured the services of V. E. Dillard as director for the ensuing year. Mr. Dillard comes highly recommended as a band director, and also, as a teacher of violin, mandolin and guitar. He will have his studio in the Dana band room in the Mathenay block, where he will be pleased to see any one wishing to study the above mentioned instruments.

IN YOUTH

Death Took Away a Flower of the Family.

After a lingering illness of ten months, Naamah Hadsell, the five-year-old daughter of Mr. and Mrs. D. O. Hadsell, died at 12:30 last night, a victim of diabetes. The family lives about six miles east of Lima, beyond the Infirmary. Arrangements have been made for the burial to take place at 1:30 tomorrow afternoon at the house, and interment will be made in Ward cemetery.

A FAMILY REMEDY

Pe-ru-na in Use in Thousands of Homes.

Mr. Harry M. Stevens, of Midland Beach, L. I., New York, proprietor of the Richmond Hota, writes:

"It gives me pleasure to testify to the

Harry M. Stevens.

value of Peruna. I have used it for years and have found it to be a most excellent family remedy. For colds, catarrh and similar ills, it is unsurpassed."—HARRY M. STEVENS.

John L. Burnett, Member of Congress, Seventh Alabama District, writes:

"I take pleasure in testifying to the merits of your Peruna. At the solicitation of a friend my wife used it, and it improved her condition generally. It is a remarkable remedy. I can cheerfully recommend Peruna as a good, substantial tonic, and a very good catarrh remedy."

Peruna cures catarrh wherever located. Peruna is not a guess nor an experiment—it is an absolute scientific certainty. Peruna has no substitutes—no rivals. Insist upon having Peruna.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice free.

Was the Game

But the Crowd Got to See the Players

Who Have Made a Name for Themselves in Their Profession.

Two Picked Teams from the Big Leagues Played Ball According to Professional Plans Before a Big Crowd.

The base ball boys have come and gone and the Lima people have what satisfaction there was in witnessing a game as played by the graduates in the profession. In many respects it was a sad disappointment but the players themselves were not to blame for it as they gave the crowd all they had considering the material handed out to them upon their arrival. The grounds where the diamond was laid out might do for golf but for base ball never. A drive of a grounder meant that it was liable to branch off in any direction and several times just as a player was about to scoop up the ball for a quick play, it showed its delusiveness by taking a poke at his eye or dodging off at some unexpected angle.

Pretty or sensational plays did not enter into the game as there was no opportunity for them, and the crowd settled back without once being inspired to applause. The kind of players in the contest of yesterday seldom make errors, but if their record was to be attacked by the game in Lima it would make their present per cent drop with the suddenness of mercury in the Klondyke.

It was unfortunate that Lima had no suitable grounds for the game, and the attendance of yesterday is an assurance that interest in base ball could be revived and enthusiasm aroused equal to that of any other city now supporting an amateur club. It started the talk to circulating last night and there is scarcely any doubt but that Lima will have a first class club and first class grounds next season.

There was another disappointment but it made little difference in the game as all of the players were well known stars and the crowd cared little whether they belonged to the American or National league. The contest was to have been between two clubs from the rival leagues, but so far the Brooklyn Nationals have failed to join the tour and the Americans are playing among themselves. At Toledo Monday several local players had to be picked up to fill out the teams, but Dusty Miller has since joined them and "Noodles" Hahn, Cincinnati's prize pitcher, joined them here and made the number sufficient to place two professional teams in the field.

Interest centered in Bresnahan and Carrick, both of whom once played in Lima, and the former is proving himself to be one of the best catchers that ever put on a mit. He has signed with Baltimore for next season and wise Mugsy McGraw sees in him the great mainstay of the club.

When the players arrived at the depot there was a large crowd of fans present, and the boys were again greeted by their admirers in the lobby at the Lima house where introductions followed. The game was advertised for 2:30, but Win Mercer had to duty at the box office until most of the crowd arrived and it was nearly three before the ball was tossed by umpire Mayer. The line up of the teams was as follows:

American Leagne — Bresnahan, catcher; Mercer, pitcher; LaJoie, short stop; O'Brien, first base; Carrick, second base; Bradley, third base; Donlin, left field; Barrett, center field and Seymour, right field.

National League—Davis, catcher; Hahn, pitcher; Sullivan, short stop; Beckley, first base; Beck, second base; Foster, third base; Fisher, left field; Brenhart, center field, and Miller, right field.

There was no attempt to keep a complete score, the roughness of the grounds making it impossible for even such advanced players to keep down the errors or to engage in those frequent snappy plays that characterize the game when conditions are perfect. There was some terrific slugging especially on the part of the American leaguers who kept the National out field continually on the go. Hahn was touched up freely and two and three baggers and home runs were of frequent occurrence during the nine innings. The score by innings was as follows:

National —0 1 0 0 0 0 7 0 0 — 8
American—4 0 1 4 2 2 4 2 x —19

CONDUCTED BY

MR. E. P. ROBINSON.

In former seasons at these fur openings it has been the custom to lay particular stress upon the standard Furs carried by Mr. Robinson alone.

This year his showing of high grade Furs will more than be doubled, over twice the quantity of furs for you to select from than any previous year, will be brought to your doors direct from the Furrier at first cost. Among the furs which Mr. Robinson will show are: Astrakhan, Electric Seal, Krimmer, Bear, Beaver, Chinchilla; Ermine, Blue, Black, Red, Gray and White Fox; Lynx, Stone Marten, Mink, Nutria, Opossum, Otter, Persian Lamb, Broad Tail Sable, Seal and Marten, which he will deliver at once upon the same terms as you are in the habit of purchasing at this store, or from which we will take orders for any style garment in any size, and make estimates on any repair work.

Particular attention paid this year to "Electric Seal Jackets," made by the firm Mr. Robinson represents. He sold so many last year at the opening which took time to deliver, that this year to avoid delay we have ALL GRADES o

Electric and Near Seal Jackets

in stock in MOST EVERY SIZE, plain or trimmed with mink or beaver, which Mr. Robinson will be here to explain to you.

22-inch length Electric Seal Jackets at	$25.00
24-inch length Electric Seal Jacket at	27.50
22-inch length Electric Seal Jackets, one grade better	37.50
24-inch length Electric Seal Jackets, one grade better	40.00
26-inch length Electric Seal Jackets, one grade better	42.50
24-inch length Near Seal Jackets	50.00
26-inch length Near Seal Jackets	55.00

Any of which can be had with beaver or mink trimming and collar at an extra cost.

We guarantee every Electric Seal Jacket that we sell and repair them should anything happen to them, fur or lining, for the first year free of charge to you.

Besides the Furs Mr. Robinson will show you, several large Furriers, anxious to be represented at this opening, have sent us shipments of Fur Scarfs, practically the only "Neck Fur" to be worn this year. That they are much under priced can be seen by a glance at our show window.

NEW YORK'S BIG FIGHT

Mayoralty Contest Now on In the Metropolis.

THE CANDIDATES IN THE FIELD.

Something About the Careers and Political Antecedents of Edward M. Shepard and Seth Low, Who Respectively Head the Tammany and Anti-Tammany Forces.

The mayoralty campaign in New York has opened with the nomination for mayor of Seth Low, president of Columbia college, by the Republicans, the members of the Citizens' Union and other anti-Tammany political organizations, and Edward M. Shepard by the Tammany Democracy.

Seth Low was born on Jan. 18, 1850, near the present terminus of the Brooklyn bridge, then undreamed of. His early education was secured at the Juvenile High school and the Polytechnic institute in his native city. At the

SETH LOW.

latter place he was captain of the school. At the age of twenty he was graduated at the head of his class and a prizeman from Columbia college. He then went abroad for a few months and upon his return accepted a clerkship in the tea importing house of A. A. Low & Bros., in Burling slip, New York, of which his father was senior partner. In 1875 he became a partner and subsequently the head of the firm. He was also a member of the chamber of commerce. His first noteworthy public address was at the National Export Trade convention, in Washington, in 1878. He was the first president of the bureau of charities in Brooklyn in 1880 and in the same year was elected president of the Brooklyn Young Republican club. He was elected mayor of Brooklyn in 1887 and was re-elected at the expiration of his first term of office. In 1889 Seth Low was chosen as president of Columbia university and was inaugurated Feb. 3, 1890, serving in that capacity until his recent nomination. He built the University Library building, costing about $1,000,000, as a memorial to his father.

Mr. Low has been classed as an Independent Republican and upon a number of occasions has supported candidates opposed to the Republican organization. He voted for Grover Cleveland in 1884 against James G. Blaine. In the first mayoralty campaign under the charter of Greater New York Mr. Low was the candidate of the Citizens' Union, having as opponents Robert A. Van Wyck, Tammany Democrat; Benjamin F. Tracy, regular Republican, and the late Henry George, candidate of the Democracy of Thomas Jefferson. Mr. George died two days before the election, and Mr. Van Wyck was elected.

Edward Morse Shepard was born in New York city fifty-one years ago. His father, Lorenzo B. Shepard, was a lawyer of commanding abilities and was conspicuous as a Democratic leader, officeholder and orator. When the son

EDWARD M. SHEPARD.

was six years of age, his father died, leaving no wealth. Abram S. Hewitt became the guardian of the boy, as he had been a friend of the father.

The lad went to public school No. 13, in Degraw street, Brooklyn, in the ward in which he now lives. From the public school young Shepard went for a year to Oberlin college and afterward attended the College of the City of New York. He was graduated from that institution in 1869 in the eighteenth year of his age. Mr. Shepard then became an assistant in the law office of John E. Parsons. He was admitted to practice in 1875. In 1876 he formed a partnership with Albert Stickney. In May, 1890, the firm of Parsons, Shepard & Ogden was formed. Mr. Shepard in 1888 opposed the nomination of Mr. Hill for governor and organized the Independent Democracy. He was also one of the organizers of the Young Democratic club of Brooklyn and was prominent in the movement which culminated in the renomination and re-election of Mr. Cleveland to the presidency.

Mr. Shepard in 1895 ran as a candidate of the Independent Democracy for mayor, but Frederick W. Wurster, the Republican nominee, was elected by a large majority. As counsel to the rapid transit commission Mr. Shepard drew the contract under which the great improvement is now being carried on.

Mr. Shepard opposed the election of William J. Bryan in 1896 and became a delegate to the national Gold Democratic convention at Indianapolis. He supported the ticket of that convention, and in 1897, when Seth Low was nominated for mayor, Mr. Shepard gave him hearty support. In 1898 he supported Augustus Van Wyck for governor on the Democratic ticket. In 1900 Mr. Shepard came out as a supporter of Mr. Bryan.

One of the most memorable legal contests in Mr. Shepard's career was the trial of John Y. McKane. The contentions made by Mr. Shepard in this trial were upheld by the court of appeals, and the lawyers for the Coney Island "boss" found that there was no loophole left by Mr. Shepard through which their client could escape prison. Mr. Shepard is a bachelor. He is the author of "The Life of Martin Van Buren" in the American Statesmen series.

ROOSEVELT TOTS REVOLT.

Protest Against Having Pinckney Taken From Them.

The Roosevelt children who are in Washington—Kermit and Ethel—says a Washington correspondent, were up in arms against their distinguished father on account of a minor appointment which he has made—the appointment of Pinckney, his negro servant and the man Friday of the children, to be steward of the White House. Pinckney heard of his appointment and after the two youngsters had returned from school told them of the good luck which had befallen him.

"But, Pink," said Miss Ethel, "you can't go around Washington with us any more."

Pinckney diplomatically said, "Oh, I will arrange all that."

The youngsters were not satisfied, however, and despite the fact that Pinckney, as steward, will have to do with dealing out the sweetmeats at the White House between meals the children regard him as a lost friend and companion and will not be consoled.

Since their arrival in Washington the two children, and especially Ethel, who is but ten, have had many joyous spins on their wheels, with Pinckney following two paces behind and looking out for them, and they believe that with another servant their privileges may be curtailed, as the president and Mrs. Roosevelt have placed great confidence in Pinckney in regard to the protection of the children.

With the departure of Pinckney, who must now enter into training for his new duties, the Roosevelt children have to look forward to the arrival from Oyster Bay of all their pets—horses, dogs, cats—as the president has telegraphed that the pets of the children be forwarded to them immediately.

SECRETARY WILSON'S CARDS

Declares the Ordinary Printed Ones Are Good Enough.

There isn't an engraved card to be found among the personal belongings of one of the hundreds of agents, chiefs, experts, professors and untitled scientists employed at the department of agriculture, says a Washington correspondent, although engraving for official cards costs nothing. Secretary Wilson, who is a good deal of a farmer in every sense of the word, is responsible for this wonderful condition of affairs. Some time ago a recently promoted chief made out a requisition for 500 engraved cards, stating his name and office. But he didn't get them.

"You think you need engraved cards," observed the secretary, who had sent for the young man when the requisition was laid before him for approval.

"Well, I don't," said the secretary. "The bureau of engraving and printing has something else to do besides engraving cards for us.

"That's good enough for me," observed the secretary, tossing out a very rummy looking card bearing the words in printed script, "James Wilson, Secretary of Agriculture." "I guess we'll change this to printed cards and send it to the printer up stairs."

Since that event the secretary has never used the new chief's name. He refers to him as "the young man who wants engraved cards." Since then all engraved cards have disappeared from the department.

United States Grazing Lands.

A report on the work of the division of agrostology of the department of agriculture since its organization in 1895 has been submitted to Secretary Wilson by Professor F. Lamson Scribner, the government agrostologist. The report says that of the unoccupied public lands about 365,400,000 acres are now regarded as fit only for grazing purposes, and in addition there are 124,300,000 acres of forest land, the greater portion of which is also used for grazing. As a result of the field work already done the department has been enabled to recommend to farmers and stockmen throughout the country the forage crops adapted to their conditions and special requirements and to carry on experiments with introduced forage plants likely to prove valuable in any particular region. Within the United States are grown over 1,000 species of grasses and perhaps a hundred or more other plants of sufficient forage value to justify their investigation and cultivation.

THE YALE CELEBRATION

Elaborate Plans For the Bicentennial Week.

GREAT GATHERING OF EDUCATORS

Every American College of Importance to Be Represented—Many Europeans of Note Will Be Present. President Roosevelt to Be There and Receive a Degree.

Plans are rapidly shaping themselves for the celebration of the two hundredth anniversary of Yale, which that university is to hold on Oct. 20-23, says the New Haven correspondent of the New York Commercial Advertiser. If everything is carried out as it is planned to have it, the celebration will be far beyond any similar anniversary in the history of American universities. In the variety and dignity of the exercises on the programme, in the long list of distinguished men who will be there, in the matter of decoration and illumination, in the presentation of degrees to famous Americans, no celebration has rivaled it thus far in this country.

Yale has grown steadily in the 200 years of her existence, barring a few decades at the beginning, when there was no settled policy and no regular location for the institution. Since the college came to New Haven in 1717 this progress has been continual. In the early part of the last century Yale, as it was first called in 1718, was a small affair, with but a few students and half a dozen instructors. By 1800 the college had grown to about half what the academic department is now, and the curriculum was fairly established on modern lines. Yale did not begin to take part in the progress of American universities till rather later than her chief contemporaries, and it was not until President Dwight came in, in 1886, that the college became a university and broadened out. It has been left to President Arthur T. Hadley to practically "catch up" with his contemporaries and make Yale one of the leaders of American university extension.

It is proposed by the coming celebration at Yale to show conclusively that Yale is among the chief universities of the country both in history and influence at the present day. In the attendance here of presidents of colleges and distinguished scholars from all parts of this country and from Europe there will be a tacit tribute to Yale's eminence in the educational world. From the letters of acceptance that have flowed in to the Yale committee in an endless stream it is evident that such a remarkable assembly of scholars never has been promised in this country before. There will be over forty university and college presidents here, as well as more than that number of well known educators and scholars. Besides these there will be an attendance of distinguished men of affairs, of business, of letters and art, besides numerous government officials. The foreign representatives will be numerous.

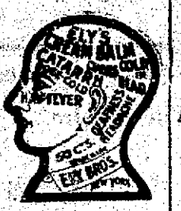

Besides the 2,500 undergraduates in the various departments of the university there will be present some 3,500 graduates, or about a third of the entire graduate body. Including the distinguished guests, the families of graduates and the "outsiders" who will be here to see the sights, it is estimated that fully 10,000 strangers will be in the city. Provision for the housing and feeding of this immense throng for a city the size of New Haven is a problem of serious import. All of the guests and university presidents will be quartered by Yale professors and citizens, while the great body of graduates will in the main have to look out for themselves. The question of feeding the great number of guests in the city will be a hard one to solve. New Haven has few restaurants at best and at special times always is unequal to the strain. Vacant stores and in some instances regular shops have been converted into restaurants, and tent lunchrooms will spring up in every lot.

The fact that President Roosevelt will be present during the week has added greatly to the series of public ceremonies. The president will arrive on Monday of "celebration week," with his secretaries and a party of friends, and probably will be the guests of ex-Treasurer W. W. Farnum on Hillhouse avenue. President Hadley, in anticipation of President Roosevelt's coming, has invited the city militia to take part in the public reception to the nation's chief executive. On his arrival here President Roosevelt will be met by the entire Second regiment, the governor's footguards, which from 1773 has held the right of line at such functions, escorting President Washington in 1789 and later President Jefferson and President Jackson and General Grant; the governor's horse guard, the naval battalion and the machine gun platoon. A body of Yale men also will help in receiving the president.

Young University President.

Dr. George H. Denny of the chair of Latin in Washington and Lee university, who has been elected to the presidency of that institution, was born in Hanover county, Va., in 1870, and is therefore one of the youngest of university presidents. He was graduated from Hampden-Sydney college in 1891. He received the degree of Ph. D. from the University of Virginia in 1897. From 1896 to 1899 he was professor of Latin and German at Hampden-Sydney, and in July, 1899, he was elected to the chair of Latin at Washington and Lee university. The board of trustees of this university last June selected him as acting president, to hold the guiding reins of a university over which some of the best known men in the country have presided, among them General Robert E. Lee, General G. W. C. Lee and the Hon. William Lyne Wilson.

Nasal CATARRH

In all its stages there should be cleanliness.

Ely's Cream Balm

cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail.

Stricken with Paralysis.

Henderson Grimett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDonald, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by Wm. M. Melville, old post office corner.

THERE ARE MANY ROADS.

The Finger Points Marking the Many By-paths of Present Day Troubles All Seem to Point the Same Way—Lack of Nerve Force.

Day-by-day the columns of this paper bring new evidence from Lima people of the great work being done by Dr. A. W. Chase's Nerve Pills. Why they accomplish so much is easily explained, they are prepared with an eye single to restoring Nerve Force. They accomplish this object which no other medicine in the world has ever been able to do. That's why hundreds of Lima people offer their testimony.

Mr. H. Stroupe, of 139 North Elizabeth street, Lima, Ohio, says: "My trouble is a old one, a sort of epileptic trouble, very nervous seizures coming on with heavy nervous troubling in the morning. I felt the only way to overcome those seizures was to build up the nervous system. I got Dr. A. W. Chase's Nerve Pills at W. M. Melville's drug store and they have done remarkably well by me. I feel stronger, steadier, brighter every way and the attacks lighter and further apart. I feel this building up that the Nerve Pills are giving me can not help but result nicely."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N.Y. See that portrait and signature of A. W. Chase, M. D. are on every package. 28tf

HOSTETTER'S STOMACH BITTERS

Is compounded with the greatest of care and contains nothing injurious. It is a safe and reliable remedy for stomach complaints and has a record of fifty years of cure to its credit. Many prominent physicians prescribe and recommend it as a cure for DYSPEPSIA, INDIGESTION, FLATULENCY, BELCHING, NERVOUSNESS and INSOMNIA. Try it. The genuine must have our Private Die Stamp over the neck of the bottle.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and Kidney trouble, purifies the blood and builds up your health. Only 50c at H. F. Vortkamp's drug store.

STEEL TRUST EARNINGS

Official Statement of First Six Months' Operations.

COMPANY MADE $300,000 A DAY.

The Net Earnings For Half a Year Reached the Sum of $34,054,871. Dividends Declared on Common and Preferred Stock.

Net earnings of the United States Steel corporation for the first six months of the company's career, as announced officially, are $34,954,871, says the New York Herald. These figures were given out after a meeting of the company's directors, at which the usual quarterly dividends were declared on both the common and preferred stocks.

Unusual interest was shown by Wall street regarding the probable action of the directors on the matter of their issuing a statement of operations. All doubts were scattered, however, after the close of the Stock Exchange by the formal statement of the company's sound position. The figures show an enormous business, which was not injured, apparently, by the steel strike.

President Schwab tells the story of the company's operations since April last, when the billion dollar trust was launched, in the following figures:

	Net earnings from operation.
April	$7,356,744
May	9,612,349
June	9,554,747
July	9,589,151
August	9,810,553
September (estimated)	9,230,045
Total	$54,954,871

The actual financial requirements of the steel trust, which include dividends at the rate of 7 per cent on the preferred and 4 per cent on the common stock, together with the interest on the bonds, are $71,021,997 for a full year. So far this year, it can be seen, the company has earned within $16,000,000 of this required amount.

During July and August, the months when the steel strike was waged the fiercest, the earnings of the steel trust did not show any decrease. The closing down of the entire system of plants of the American Tin Plate company, half of the mills of the American Sheet Steel company and a large percentage of the properties of the Steel Hoop company, according to the statement, was not reflected in the earning capacity of the big steel company.

This is explained by the statement that the executive management of the company was able to distribute the business which otherwise would have been left unhandled among the various mills which were unaffected by the strike.

Out of this $54,954,871 the company has paid or will pay in dividends on the common and preferred stock a total of $27,968,424. This amount includes the regular 1¾ per cent on the preferred stock, declared July 2 last, and the 1 per cent on the common stock, declared at the same time, together with similar dividends for the second quarter of the year.

In the statement it is announced that $7,659,705 has been set aside as a sinking fund. After this amount was deducted the company charged off the interest of the bonds, amounting to $7,600,000, the interest for half a year on the $305,000,000 5 per cent bonds issued when the company was formed. There was then left a total of $40,295,166 for dividends and other purposes.

In the reports made by each of the subordinate properties of the trust, the interest on the bonds commonly known as the underlying bonds of these companies was deducted before the final report of the earnings was made to the holding company.

The net earnings as stated in the official announcement represent, therefore, all the funds applicable to dividends and interest on the bonded indebtedness. When these amounts are deducted, there remains a balance applicable for a surplus or new construction, as the directors may decide, amounting to $12,326,742.

Lord Rosebery's Library.

Lord Rosebery is reported as saying that if at the end of the furrow which he meant to plow he found himself alone, "I shall remain very contentedly in the society of my books and my home." The ex-premier, as most people know, not only possesses a very fine library, but has added to it a few volumes with his own name on the title page. It is one of the characteristics of British statesmen that their interests are not entirely bound up with politics and that a position of greater freedom and less responsibility does not leave them without an object in life. Even the men of large means and leisure among them generally have distractions which are more dignified than mere hobbies. There are no two such famous examples of this power now as were supplied by Gladstone and Disraeli, but—longo intervallo—parallels are still to be found.

France Friendly to Turkey.

The Paris correspondent of the London Times quotes the Journal des Debats, which informs Turkey that in spite of the present difficulty France is that country's warmest friend. In simple prudence, therefore, says the paper, Turkey should seek the sympathy of France rather than allow the perpetuation of the causes of mutual misunderstanding. On the other hand, the Journal des Debats admits that France has so many material and moral interests in the east that it would be well to abstain from arousing distrust.

For the Children.

To Keep Their Digestion Perfect Nothing is so Safe and Pleasant as Stuart's Dyspepsia Tablets.

Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble.

Thousands of people who are not sick, but are well and wish to keep

well take Stuart's Tablets after every meal to insure perfect digestion and avoid trouble.

But it is not generally known that the Tablets are just as good and wholesome for little folks as for their elders.

Little children who are pale, thin and have no appetite, or do not grow or thrive, should use the tablets after eating and will derive great benefit from them.

Mrs. G. H. Crotsley, 538 Washington street, Hoboken, New Jersey, writes: "Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I've had the best of luck with them. My three year old girl takes them as readily as candy. I have only to say 'tablets' and she drops everything else and runs for them."

A Buffalo mother, a short time ago, who despaired of the life of her babe, was so delighted with the results from giving the child these tablets that she went before the notary public of Erie county, N. Y., and made the following affidavit:

Gentlemen: — Stuart's Dyspepsia Tablets were recommended to me for my two-months-old baby, which was sick and puny and the doctors said was suffering from indigestion. I took the child to the hospital, but there they found no relief. A friend mentioned the Stuart Tablets and I procured a box from my druggist and used only the large sweet lozengers in the box and was delighted to find they were just the thing for my baby. I feel justified in saying that Stuart's Dyspepsia Tablets saved my child's life.

Mrs. W. T. Dethlipe,

Subscribed and sworn to before me this 12th day of April, 1897.

Henry Karis,
Notary Public in and for Erie Co., N. Y.

For babies, no matter how young or delicate, the tablets will accomplish wonders in increasing flesh, appetite and growth. Use only the large sweet tablets in every box. Full size boxes are sold by all druggists for 50 cents, and no parent should neglect the use of this safe remedy for all stomach and bowel troubles if the child is ailing in any way regarding its food or assimilation.

Stuart's Dyspepsia Tablets have been known for years as the best preparation for all stomach troubles whether in adults or infants.

TO SHOW A MODEL CITY.

New York Art Society Proposes to Erect One at St. Louis Fair.

On the call of Charles R. Lamb, chairman of the art committee of the Municipal Art society of New York, says the New York Tribune, a meeting of the society was held to discuss ways and means of definitely formulating a scheme for a model city to be erected in the confines of the St. Louis World's fair. As the exposition must have certain buildings to carry on its work, such as the service building, postoffice, hospital, police, fire and sanitary departments, they could be constructed as the nucleus of the model city.

The object of the society is to show the people of the United States and of the world how a city should be built. It is proposed to show, for example, by means of a miniature city how roads and streets should be laid out, how sewers should be built and how the corners of streets should be properly treated as regards lighting and numbering, a subject in which, as one member expressed it, New York sins to a degree that is a disgrace to the reputation of the United States for ingenuity. It is also proposed to show how a city can be made beautiful and how to utilize toward that end the public buildings of every city, large and small. A letter sent to ex-Governor Francis, president of the St. Louis exposition, outlining this scheme has elicited a favorable response.

The Emperor of Austria has just completed his seventy-first year. He has reigned fifty-two years—a longer period than any other living sovereign.

YANKEE HUSTLING.

How a New England Boy Made Himself Indispensable.

"I'll tell you of a case of Yankee pluck," said George H. Cummings, a power house contractor of Providence, R. I., to a New York Tribune reporter. "Multer, a Boston friend of mine, is only twenty-four years old. After he was graduated from the Massachusetts Institute of Technology a Dorchester (Mass.) tack manufacturing company sent him to Montreal to show the Canadians how we make tacks in this country. Multer took along a machine, hired an office and opened up his little world's fair. He knew that his firm had patented the machine in the principal European countries and in America. About a year later curiosity led him into a lawyer's office to find out how the Canadian patent laws might affect his particular machine. That was on a Saturday. The lawyer told him that he had just two days before the year expired in which to make in Canada a new tack machine, to advertise its sale and to manufacture tacks with it. Otherwise, said the lawyer, the company's patent would be rescinded.

"Multer telegraphed a number of times to his home office, but received no reply because of its being Saturday afternoon. Failing to hear from Dorchester, he hired upon his own responsibility the entire force of a small foundry. Thirty men worked all that Saturday night and all of Sunday casting a new machine, with the old one as a model. I saw the product of their labor, and I must say it was crude. However, they finished the machine on time, and they made about six tacks with it.

"The machine was offered for sale through newspaper advertisement. For the sake of form Multer asked two firms if they wanted it. Of course they did not. Thus the requirements of the law were met, and the Canadian patent was saved to the company. There was a great hubbub in Dorchester when they received a bill from the foundry people for $3,000. When Multer explained the circumstances, the firm was so pleased at what he had done it raised his salary 50 per cent. It keeps that machine at its factory for a curio. The story shows that the young business men of this country can climb out of a pretty deep hole and climb very quickly too."

PAYING PRESIDENTS.

Roosevelt's First Salary Check—Last Payment For McKinley.

The treasury department has sent a messenger to the White House with President Roosevelt's first check, says the Washington Star. It was for $2,017.74 and is the pay for seventeen days of the month of September. The estate of President McKinley will be paid a check for $1,856.88. There was a good deal of discussion in the treasury about these checks and exactly how to divide them. President McKinley died early on the morning of Sept. 14, and President Roosevelt took the oath that day. Under the law Mr. Roosevelt must be paid the salary of president from and including the day he took the oath. The question was not on this, however.

For a number of years each president has been paid monthly one-twelfth of $50,000 a year, the only case in the government service in which the regular salary table was not followed. By this system President McKinley received $4,166.66 for two months in every quarter and $4,166.67 for the third month of the quarter, making the total for the quarter $12,500. As September was the third month of the quarter the salary for that month was $4,166.67. Divided by thirty days the proportion going to President Roosevelt would have been $2,361 and to the estate of the dead president $1,805.44. The auditor's office insisted on a division on the basis that President Roosevelt should receive 17.92 of the entire salary for the third quarter of the year, there being ninety-two days in that quarter.

This division gave the sums that were agreed upon. Hereafter the regular book of the treasury will be used in the salary payments of the president. This system will give different amounts each month, according to the number of days in the month. For the fourth quarter the pay will be: October, 31 days, $4,212; November, 30 days, $4,076; December, 31 days, $4,212. For the first quarter of next year the president will receive checks as follows: January, 31 days, $4,305.60; February, 28 days, $3,888.80; March, 31 days, $4,305.60.

American Anthracite In Germany.

The success of the effort to establish a market in Germany for anthracite coal will depend upon the ability of those who have undertaken the experiment to change the habits of the German people in the matter of heating their houses, says the Philadelphia Record. Anthracite coal requires a specially constructed stove to insure its combustion, and while American stoves are said to have recently had a large sale it may not be easy to induce Germans in sufficient number to give up the porcelain "kachelofen," which is warmed by burning a few sticks of wood or bits of charcoal in the morning and is supposed to radiate heat for the balance of the day. German dwellings would not be deemed comfortable by Americans, but it is useless to dispute about matters of taste.

Gift From the Philippines.

F. Abreu, a wealthy Filipino planter, called at the White House, says a Washington dispatch, and presented to the president a gold headed Palassan wood cane. The head bore a design emblematic of justice and power done in the highest skill of the Filipino engraver's art.

Economical Fuel

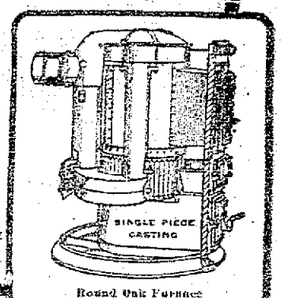

Whatever fuel is most economical, most convenient to your house, can be used in a Round Oak Furnace—chunks of wood, soft coal, hard coal, coke—anything that fire will consume. Whatever you put in it will give most heat, because Round Oak Furnaces waste no fuel; burn all the fuel, the gases, and most of the smoke; keep fire 12 hours with wood, 24 hours with coal. The

Round Oak Furnace

is solidly constructed and is airtight (the only airtight furnaces) and is reasonable in price. All of the heat goes into the house—no waste through flues outside the casing, chimney or in cellar.

If you want a furnace, write for the Round Oak Furnace Book—full of fuel facts, prices on furnace connections, etc.

Baby's Coming

McDonald, Ga., July 18, 1900.
I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and Thedford's Black-Draught and have been able to do all my housework without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Thedford's Black-Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicines and I tell my lady friends to use your Wine of Cardui. Mrs. GEORGIA LEE.

WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some indiscretion, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pains, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under those conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell $1.00 bottles.

GENERAL

Council of the Lutheran Church Convenes in Lima Tomorrow

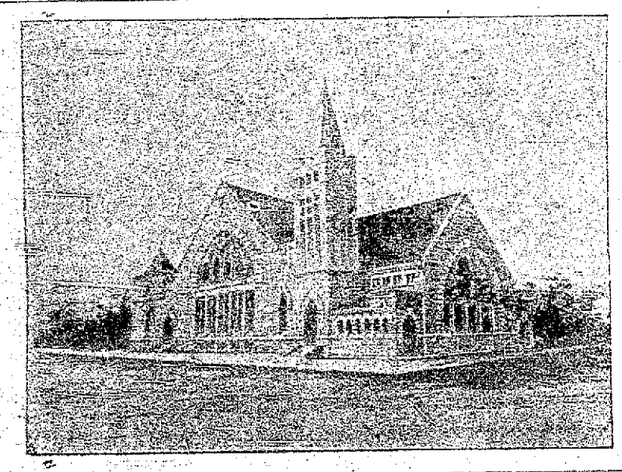

At St. Pauls Lutheran Church.

Distinguished Visitors are Arriving Hourly---Brief History of the Church---Where and by Whom Guests Will be Entertained.

Tomorrow the General Council of the Lutheran church will convene at St. Paul's Lutheran church in this city and the congregation of that church and the citizens of Lima generally are anxiously awaiting the hour when they can cordially welcome the many distinguished visitors, who are to be the city's guests during the progress of the session. Three committee meetings are on the program for this afternoon and evening and the session of the General Council will begin at 9:30 o'clock tomorrow morning.

Many of the distinguished members of the Lutheran church who are prominent in both the religious and educational world, have already arrived in the city, among today's arrivals being the President of the Council, Dr. Ranseo, of Chicago, and many more will arrive in the city this evening and tomorrow morning.

St. Paul's church is beautifully decorated for the occasion and the basement is fitted up neatly for the comfort of the visitors of the guests, who desire to pass their otherwise unoccupied hours there. There are tables, chairs and writing materials and a conveniently arranged post office is in charge of Miss Catherine Reel. The members of the reception committee are ever on the alert to see that all visitors are properly entertained and in this work none are more untiring in their efforts than the pastor of St. Paul's, the Rev. F. P. Bossart.

This afternoon at 3 o'clock the educational and Sunday school work committees met at the church. At 7:15 o'clock this evening the executive committee will meet and at 8 o'clock this evening, the Sunday school work committee will again meet.

The session of the General Council will begin tomorrow morning at 9:30 with preparatory services and the chief services will begin at 10 o'clock.

BRIEF HISTORY.

Of St. Paul's Church As a Factor in Lima's Religious Circles.

The meeting of the General Council of the Lutheran church which will open tomorrow at St. Paul's handsome new church on west North street, is unquestionably one of the most important church events that Lima has ever had the honor and distinction of having held within its borders. It is a fact also worthy of note that it would be difficult to find anywhere in northwestern Ohio a church edifice more handsome and better adapted to the important occasion. Lima may justly feel proud of the beautiful church of St. Paul's and also, of the magnificent congregation and the other liberal minded and generous citizens who will entertain the distinguished visitors during their few days stay in the city. The history of St. Paul's church is an interesting one and it will not be inappropriate to briefly review it at this time. The history will be interesting to citizens and visitors alike.

The first Lutheran congregation in Lima was organized with nine members by the Rev. Paul Jacob Stirwalt, in 1854, and out of this little organization grew the congregation of St. Paul's church a number of years

The first meetings of the original congregation were held in an old reformed church building on Wayne street and later, during the absence of the pastor, the Ladies' Aid Society purchased an old school building that was replaced at the time by the old west school building that is now still in service in the square formed by High, North, McDonel and Pierce streets. Of the original nine members of the congregation, Mrs. Catherine Meily, of 573 west Spring street, is now the only survivor in this city. The original congregation was known as Zion church and when it divided about the year 1878 or 1879, the retiring members formed the organization that has grown steadily in the years and is now the congregation of St. Paul's Evangelical Lutheran church.

The remaining division of the original congregation retained the building situated on north Union street, which is still known as the Zion Lutheran church. The congregation of St. Paul's church built the frame church building on north Central avenue which was vacated by this congregation when the handsome new edifice at North and Elizabeth streets was about completed. The new building in which the meetings of the General Council will be held was built in 1899 and was dedicated with appropriate ceremonies on Sunday, December 10, of that year.

The first pastor of the first Lutheran church in Lima, the Rev. Paul Jacob Stirwalt, was succeeded in 1857, by his brother, the Rev. J. L. Stirwalt, who retired in the year 1860 on account of failing health. He in turn was succeeded by another pastor, whose name cannot be recalled and a little later the Rev. A. Bartholomew took charge of the church. The latter was succeeded by the Rev. Seashwind, who in turn was succeeded by the Rev. J. G. Niefer, who is now a resident of Dayton, Ohio. Sixteen years ago the Rev. Hunton accepted the pastorate and he remained with the charge until January, 1897, when he retired and the Rev. Kohler, who succeeded him remained with the congregation for about two years, and was then succeeded by the present popular and efficient pastor, the Rev. F. P. Bossart.

CHARMING

Wedding at St. Rose Church, Today.

Miss Margaret Leahy and Philip O'Connor

United in the Holy Bonds of Wedlock. The Young Couple Will Reside on West McKibben Street, This City.

The bells of St. Rose rang out this morning for a very pretty wedding celebrated at 8:30 o'clock, the bride being Miss Margaret Leahy, daughter of Mrs. Hannah Leahy, and Mr. Philip O'Connor, a trusted employe of the Pennsylvania Railway company.

At the entrence of the bridal party, Lohengrin's wedding march was executed by Miss Mae O'Connor, who presided at the organ. During the nuptial high mass, which was celebrated by the pastor, Rev. A. E. Manning, who also performed the sacred marriage ceremony, "Hearts and Flowers" was artistically executed on the large organ. Mendelsohn's wedding march was played at the recessional. The bride wore a pure white swiss dress, trimmed with bands of net worked with scrolls of white satin ribbon, on the flounce of the skirt, lace and ribbon also trimming the waist. A bridal veil completed the pretty toilette. The bridesmaid was Miss Mary Louise Dirtz, of Cincinnati, who wore a becoming gown of delicate green batiste trimmed w[illegible] lace and ribbon and carried pink roses. She wore a large black Gainesborough hat trimmed in pink. The groom's best man was his brother, Mr. Maurice O'Conner, of Nevada, Ohio. Directly after the marriage ceremony, the bridal party and the immediate relatives of the contracting party, went to the home of the bride's mother, 120 west McKibben street, where a wedding breakfast was served in five courses.

At 2:40 o'clock this afternoon, the happy pair left over the P. Ft. W. & C. Ry., for Pittsburg and other places of interest in the east, and upon their return to this city they will be at home to their numerous friends, at 120 west McKibben street.

Relatives present at the wedding from a distance were: Mrs. Margaret O'Connor, Mrs. Mary O'Connor, Miss Elizabeth O'Connor and Maurice O'Connor, of Nevada; T. P. O'Connor, of Bucyrus, Mr. and Mrs. John Brentges, of Upper Sandusky; John Dalton and Miss Margaret Dalton, of Markel, Ind., and Miss Mary Louise Dietz, of Cincinnati. The Times-Democrat join in the good wishes of their many friends for a long life of martial happiness.

DAY

Is Devoted to the Election

Of Sir Knights

Who Will Fill Exalted Offices.

William G. Bates Advanced to the Office of Grand Commander

And William T. McLean, of Sidney, Steps Into the Chair of the Vice Eminent Deputy Grand Commander.

The impressiveness of the gathering which has brought two hundred members of the Ohio Knights Templar to Lima, was first borne upon the minds of the citizens this morning, when the magnificent line of black broadcloth and moving plumes marched in double column up main street from the Lima House, where Shawnee Commandry No. 14 had gone to escort the Grand Commandry to the Masonic temple. Nearly 200 were in line and the sight was a magnificent one as the columns passed in review, led by the martial music of Dana's band.

Yesterday was purely a day of arrivals and there was little more to do than to take care of the visitors and see that they were comfortably housed and cared for during this stay. The handsome temple was beautifully decorated for the occasion and the parlors were soon taken possession of by the out-of-town Knights, who gathered there to renew acquaintances and enjoy the luxuries which was spread before them with an elaborate hand. The evening trains brought in delegations from all the surrounding towns, but many came from the confines of the state and confined to northwestern Ohio.

The business session began this morning in the lodge room which was amply large for the occasion, and naturally the election of officers was the principal object on which all who were present had their minds centered. The Knights listened to the address of welcome delivered by Sir Knight Walter B. Richie, of Lima, whose polished speech was listened to with rapt attention, and his hearty welcome was responded to in kind by Right Eminent Commander Arthur B. Foster. Then followed the regular business of the conclave, which continued until one o'clock without interruption. Election of officers followed in order, and by the time dinner was ready for serving at the various hotels the following had been chosen:

Wm. L. Bates, of Dayton, R. E. G. C.; Wm. T. McLean, Sidney, V. E. D. G. C.; Thomas Kite, Cincinnati, Grand Generalissemo; Carroll T. Clapp, Warran, Grand Captain General; Fred L. Geddes, Toledo, Grand Senior Warden; John H. Gibson, Cincinnati, Grand Warden; John H. Gibson, Cincinnati, Junior Warden; Rev. John M. Mills, Lima, Grand Prelate; Lafayette Lyttle, Toledo, Grand Treasurer; John Nelson Bell, Dayton, Eminent Grand Recorder. There were still left three officers to elect, Standard Barer, Grand Warden and Captain of the Guard, who will be chosen before the meeting adjourns this afternoon.

Among those present are many who are visiting in Lima for the first time, and they are enthusiastic over the cordiality of the reception, the splendid entertainment furnished and especially the beauty of architecture and elaborate interior of the temple dedicated to Lima Masonry. The session closes today and Lima extends a warm welcome to the Knights to return again and get better acquainted when the next opportunity offers.

At 2:30 this afternoon the register bore the signatures of 192 Knights including those who belong to Lima commandary and those from abroad, but there were still many who had not been recorded, so that the 200 mark will be passed by several.

JUBILEE

Devotional Services Will be Held This Evening.

Jubilee devotions will be held at St. Rose church tonight at 7:30 o'clock. very Rev. Boniface Russ C., PP. S. of Carthagenia will preach the sermon. The congregation are earnestly urged to attend these services.
